Statement on Conflict Minerals

Dear Teledyne SSI Customer:

The enactment of U.S. Congress HR 4173, specifically with regard to section 1502- Conflict Minerals, addresses serious concerns within the supply chain for raw materials. Teledyne SSI is committed to monitoring the related issues and developments as they impact the supply chain supporting our manufacturing processes. We are fully aware of this law and committed to assisting our customers in complying with all reporting requirements. As such, Teledyne SSI does not knowingly procure any conflict minerals from the areas affected either directly or indirectly through our supply chain partners.

We are in ongoing communication with our main suppliers, both manufacturers and distributors, and it is clear that all suppliers are moving toward enactment and compliance. To assist our customers in assuring that the manufacturers associated with their product's Bill of Materials conform to the conflict minerals requirement, we can obtain actual copies of individual statements from each manufacturer, or direct you to their web-site for the most up to date information.

Sincerely,

John Melonas
General Manager

Steve McQuay
Quality Manager

Date: December 18, 2017

Important Information and Disclaimer: The information provided by SSI here, on its website or in other communications concerning the substance content of its products represents SSI's knowledge and belief as of the date it is provided. SSI bases its knowledge on information provided by its suppliers and makes no representation or warranty as to the accuracy of such information. When possible and as time permits, investigation and/or analysis is performed to verify the accuracy of information provided by our suppliers. In no event shall SSI's liability arising out of such information exceed the total purchase price of the SSI product at issue.

Conflict Minerals Reporting Template (CMRT)

English

Revision 5.01
June 21, 2017

[Link to Terms & Conditions](#)

The purpose of this document is to collect sourcing information on tin, tantalum, tungsten and gold used in products

Mandatory fields are noted with an asterisk (*). Consult the instructions tab for guidance on how to answer each question.

Company Information

Company Name (*):	Teledyne SSI
Declaration Scope or Class (*):	A. Company
Description of Scope:	
Company Unique ID:	
Company Unique ID Authority:	
Address:	
Contact Name (*):	John Melonas
Email - Contact (*):	john.melonas@teledyne.com
Phone - Contact (*):	814-234-7311 ext 316
Authorizer (*):	John Melonas
Title - Authorizer:	General Manager
Email - Authorizer (*):	john.melonas@teledyne.com
Phone - Authorizer (*):	814-234-7311 ext 316
Effective Date (*):	18-Dec-2017

Answer the following questions 1 - 7 based on the declaration scope indicated above

1) Is any 3TG intentionally added or used in the product(s) or in the production process? (*)	Answer	Comments
Tantalum (*)	Yes	Generic Capacitors on PCB assemblies
Tin (*)	Yes	Solder/Solder Paste
Gold	No	
Tungsten	no	

2) Does any 3TG remain in the product(s)?	Answer	Comments
Tantalum (*)	Yes	
Tin (*)	Yes	
Gold	No	
Tungsten	No	

3) Do any of the smelters in your supply chain source the 3TG from the covered countries? (SEC term, see definitions tab)	Answer	Comments
Tantalum (*)	No	
Tin (*)	No	
Gold	No	
Tungsten	No	

4) Does 100 percent of the 3TG (necessary to the functionality or production of your products) originate from recycled or scrap sources?	Answer	Comments
Tantalum (*)	No	
Tin (*)	No	
Gold	No	
Tungsten	NO	

5) What percentage of relevant suppliers have provided a response to your supply chain survey?	Answer	Comments
Tantalum (*)	100%	All tantalum capacitor suppliers have data on-line
Tin (*)	100%	
Gold		
Tungsten		

6) Have you identified all of the smelters supplying the 3TG to your supply chain?	Answer	Comments
Tantalum (*)	Yes	
Tin (*)	Yes	
Gold	No	
Tungsten	No
